The term is ticking by and the school fete is next Thursday 15 March 2012 – Beware the Ides of March!

The word Ides comes from the Latin word "Idus" and means "half division" especially in relation to a month. It is a word that was used widely in the Roman calendar indicating the approximate day that was the middle of the month.

Don’t forget that school commences at 11:00 a.m. on Thursday 15 March 2012 and finishes at 5:30 p.m. in readiness for the commencement of the school fete. Buses will therefore all run two hours later in the morning.

Prep students will have Friday 16 March 2012 next week off school following the fete and come to school on Wednesday 14 March 2012 instead.

Everyone is warmly invited to come and enjoy our fete next Thursday 15 March 2012. Please come and support our school.

Fete Raffle Tickets
Please ensure your son and/or daughter has returned their raffle tickets by Tuesday 13 March 2012. All raffle tickets whether sold or not MUST be returned as it is important that all are accounted for.
P6 Summer Carnival

Grade five and six students will be involved in the North Central District Summer Carnival next Friday 16 March 2012. Students will be involved in Kanga cricket and T-ball at St Arnaud. Notes will go home early next week.

2012 Induction Ceremony

The Birchip P-12 School’s induction ceremony was a chance to celebrate the achievements of the many who were elected to positions of responsibility.

The guest speaker at the general assembly was Mr Timothy McClelland. Tim completed his entire education and was its school captain in 2000. He completed a Bachelor of Agriculture/Commerce at the University of Melbourne and has returned to Birchip with his wife, Julie. Tim now works with the Birchip Cropping Group and coordinates the service and delivery of Yield Prophet across Australia.

In his address, Tim commented that communities like Birchip rely on people to volunteer to run sporting clubs, playgroup, kindergarten and emergency services and without these people generously donating their time, our community would cease to exist as we know it. While Tim acknowledged the commitment volunteers give to the community, he pointed out that volunteering is extremely personally rewarding as through helping people, new friendships are forged and the camaraderie of being with a group of like-minded people cannot be underestimated.

Not everyone can be in an elected position but it is still important that people realise that we all have an important role to play. We all have the opportunity to become role models for our peers and for our community. Tim urged the audience to apply themselves to the best of their ability to each and every activity that they participate in as they will personally benefit and in so doing will provide others with an example on which to model themselves.

Tim hoped that he is seen as providing a good role model to young people who might be interested in agriculture. Sadly, Tim related that the number of agricultural graduates out of Australian universities is declining and this has created a severe shortage of qualified agricultural graduates in the industry. At the moment, there are endless opportunities in the field and no shortage of employment opportunities. For students who are interested in pursuing agriculture as their career, he suggested they take advantage of having the Birchip Cropping Group on their doorstep and seek out work experience with the organisation. Tim also recommended that students try to attend one of their events as from this they will see first-hand the quality of the information available.

While it is evident that Birchip is a truly amazing and vibrant place, Tim talked about the value of expanding one’s horizons. This means grasping the opportunity to live elsewhere and experiencing what the rest of the world has to offer. This doesn’t mean that one has to attend university—it just means going somewhere else and doing different things. From personal experience Tim related that these adventures are enriching and an important part of becoming a well-rounded adult who understands the importance of contributing to the community. However, after the sojourn, by all means return to Birchip with your rich experiences.

Leadership is difficult; it relies on those at the helm being part of the team and getting their hands dirty too. Tim asked the audience to remember that the difference between a boss and a leader is that a boss says, ‘Go’ while a leader says, ‘Let’s go.’

Tim then presented badges to the school leaders for 2012.

Hello everyone at home

– a message from Gnurad Gundidj

We just got back from parent visiting weekend which was really good but tiring. We are well into week five. We have been doing lots of activities and are about to go on expo number 2. We have completed our First Aid and our Safe Food Handlers courses. There are only 24 students on campus at the moment because the rest are on expo. Catch you in a few weeks.

Maths is Marvellous – You can count on it!
You can help your children at home by involving them in mathematical activities and talking to them about mathematics its everyday uses. Be positive! Praise your child’s success. Encourage your child to have a go at measuring, calculating, counting, estimating and solving problems. Invite children to investigate and make discoveries for themselves. Encourage and give them time to find their own answers. Don’t be too quick to give them the answers.

THE EASY WAY TO GET A TAX FILE NUMBER (TFN)

The Australian Taxation Office with the co-operation of schools, offers students aged 13 years or over the opportunity to apply for a tax file number through the school. This is a voluntary program and makes it easier for students to obtain a TFN. Students need a TFN for employment, applying for Centrelink benefits, opening a bank account or deferring university fees.

Applying for a TFN through the school is easier because students do not need to show identifying documentation to the ATO. The application form is available from the school and students can complete it at home. The form requires information such as the student’s name, address and date of birth. Students born in Australia will need to provide their birth certificate number, state of issue and year of registration or Australian passport number and date of issue.

Students born overseas will need to provide their overseas passport number and country of issue.
