**Good Luck to all Rock Eisteddfod participants**

To Miss McKenzie, Miss Wright and Miss Arnott along with the Birchip P-12 School Rock Eisteddfod crew including Zoe Turnbull, Ashlee Tierney, Leslee Cooper, Maryanne Bell, Megan Naylor, Bridgette Hogan, Chelsi Kemp, Darci Tierney, Molly Hogan, Laura Phelan, Stephanie Martin, Emily Smith, Courtney Gleeson, Ashlea Potter, Sarah Watts, Claudia Lee, Nikko Garcia, Sophie Hogan, Mikaela Christie, Hugh O’Keefe, Shae Colbert, Amy Bennett, Madeline Paley, Emma Hogan, Jay Connelly, Laura Lee, Claire Boyle, Brylie Emson, Hayley Hogan, Kimberley Phelan, Emma Forrester, Georgia Lee, Tahila Noonan, Rebecca Botheras, Sophie Noonan, Mason Bland, Demi Donnelly, Nicholas Bales, Evelyn Reid and Katelyn Bennett.

The Birchip P-12 School community wish all participants the very best for luck for the 2011 Rock Eisteddfod competition. We are extremely proud of your achievements thus far. You have put in a tremendous effort with many, many practices, rehearsals and the task of costume making.

Thank you very much for your efforts and good luck with the performance tonight.
INSTRUCTIONAL ROUNDS

Last Monday 8 August 2011, Birchip P-12 School hosted the next round of Instructional Rounds within the Wimmera end of the Grampians Region. Instructional Rounds involved a number of visiting principals and leading teachers from other schools to visit and appraise the teaching and learning of another school. Birchip P-12 School’s Problem of Practice was: How do the learning tasks engage students in higher order thinking? The process was affirming in that many positive comments were delivered with suggestions made to initiate further improvement. I have included an outline of Higher Order Thinking and Bloom’s Taxonomy in the newsletter. It encourages teachers, parents and students to use higher order thinking skills.

Many thanks to Frances Lee, Katie Bales, Jean Smith and Bev Ryan for their superb catering efforts. As usual, these ladies surpassed all expectations with visitors making many positive comments.

Congratulations to Mikaela Christie who has won a 2011 Helen Handbury Leadership Award.

The Helen Handbury Leadership Awards mark the outstanding contribution that the late Mrs Helen Handbury has made to community development in rural & regional Australia. The Awards recognise Year 12 students in rural & regional Australia who have shown outstanding community leadership. The winners of the award receive $5,000 funding towards an international trip to experience community development in another culture and participate in voluntary work.

Wimmera Health Care Group Interactive Careers Expo

The Wimmera Health Care Group Interactive Careers Expo was held at the Wimmera Base Hospital on Wednesday 10th August 2011.

Laura Lee, Brylie Emonson, and Sarah Watts attended from Birchip P-12 School, along with about twenty other participants from other surrounding schools. Students took part in interactive demonstrations designed to showcase various health disciplines. Thirty minute workshops gave students the opportunity to learn more about Occupational Therapy, Podiatry, Speech Pathology, Physiotherapy, Dietetics and Social Work.

Participating students came away with a greater understanding about what personal attributes were needed for these careers, employment options, scope of practise, university training, and more insight into whether they would enjoy working in each area.

Thanks to School Council President, Mrs Wendy Watts for accompanying our students to the expo and driving them to and from Horsham for the activity.

Brylie, Laura and Sarah participate in an interactive activity set by the Social Worker.

Sarah Watts, Brylie Emonson and Laura Lee with participants from Hopetoun Secondary College learn about Physiotherapy.
2011 Parent Opinion Survey

The 2011 Parent Opinion Survey is to be conducted state-wide in a 2 week period in Term 3 (Monday 22 August 2011 to Friday 2 September 2011).

The survey will provide our school with reliable data about a range of issues that are important to parents. We will use this data to drive further improvements in our school.

Parents are randomly selected. Should your family be selected, please endeavour to complete the survey and return to the school prior to the closing date.

Welcome Mr Ricky Allan

Well known Wycheproof local, Ricky Allan, son of Trevor and Rhonda Allan, is completing teaching rounds in Physical Education and Health in Birchip (the rumours that Ricky will be transferring to play his football in Birchip are as yet unfounded). Ricky is studying in his fourth year and next year hopes to teach in the sunny climes of Queensland.

Overseas Study Tours

Two staff members of the Birchip P-12 School have recently been awarded overseas study scholarships to enhance their specific areas of expertise. The school is very proud of their achievements as their newly gained knowledge will enhance their students’ learning.

Mr Travis Knights, the school’s Business Management and Japanese teacher, has recently been awarded a Japan Study Tour scholarship to spend three weeks studying at the Hiroshima Language School. The tour is designed to allow the thirteen government school teachers who were awarded the scholarship to be fully immersed in the culture and language. Travis is looking forward to the trip which goes from 24th September to 16th October, returning to Birchip with a broader knowledge of Japan and its culture.

History and Psychology teacher, Miss Rebecca Wright has been awarded a ‘Spirit of ANZAC’ Study Tour that leaves for Istanbul, Gallipoli Peninsula, Paris, Albert, Ypres and London on Thursday 22nd September. This study tour is awarded by the Shrine of Remembrance to develop in teachers a detailed knowledge and appreciation of Australia’s involvement in the First World War. On returning, teachers will be expected to complete a project and deliver a variety of community presentations.

MOMOKA NISHIKAWA

My name is Momoka Nishikawa. I am 20 and a third grade university student. I majored in English literature. My university is in Kyoto, but I live in Osaka. I like travelling when I have free time or enough money, but it is the first time for me to come to Australia. I have been playing tennis since I was a junior high school student. I’m glad to be here with you all. I would like you to talk with me.

Welcome Momoka – we trust your stay with us is enjoyable and educational.

HELPERS URGENTLY NEEDED FOR PRIMARY SPORTS AT DONALD

At the North Central Athletic Sports on Friday, 26th August 2011, Birchip P-12 School is responsible for providing helpers to run the senior hurdles, junior hurdles and junior sprints. Therefore we require quite a number of helpers to assist. Please contact Greg Welton as soon as possible if you can help out.
Maths is Marvellous - You Can Count on it
Count money in groups of 2, 5 or 10. This helps children with matching skills, addition and multiplication. It also helps children learn how to identify coins and understand their values.

WANTED: Empty Shoe Boxes
If you have an unwanted, empty shoe box, Mrs Kelly and the Prep/One class would be most appreciative.

Parent Teacher Evening
Tuesday 20th September 2011
The semester three parent-teacher interviews will be held on Tuesday 20th September 2011.
On this day, school will finish at 3:00 p.m. with school buses running 25 minutes earlier than usual.
We will commence the interviews slightly earlier at 3:15 p.m.
There will be three, one hour time slots: 3:15 – 4:15, 4:15 – 5:15 and then 5:15 – 6:30 p.m.
Parent-teacher evening will conclude at 6:30 p.m.
Parents of three or more children at our school will be allotted two, one hour time slots to give them more chance of catching up with all their children’s teachers.
There will be three chairs in a line leading up to each teacher to allow for an ordered queue process.
A letter will be sent home a couple of weeks prior to the parent-teacher evening providing specific information to all parents. There will be a tear off receipt which will need to be returned to the office so that planning can occur.

Spring Showcase
Friday 23rd September 2011
A Spring Showcase will be held on Friday 23rd September 2011. This will be a day of celebration where students will be able to display their work and talents to parents and the school community.
During this showcase, students will perform their Rock Eisteddfod routine. VCE students will perform various theatre monologues, primary students will perform various musical items, music students will perform their items and students’ art and craft will be on display. It will also be an opportunity for the school community to view our new learning spaces and fantastic new facilities.

PLEASE SIGN IN AT THE OFFICE BEFORE VISITING CLASSROOMS
We are most fortunate to have many visitors including parents come to our school. It is very important that every person who enters our school signs in at the office. In the event of an emergency, it is imperative that all people on the premises are accounted for. Parents and visitors will also need to sign out following their visit.
Thank you for your co-operation in this matter.

2011 Book Fair
The Annual Birchip P-12 School Community Library Book Fair is on again.
A large collection of quality items from pre-school to adults will be on display in the Library commencing Monday 15th August to Saturday 27th August.
Every child who buys a book will go into the daily draw to win a prize.
Hope to see you all there.

Higher Order Thinking

We all want our children to use necessary critical thinking skills. Thanks to Bloom’s Taxonomy, we can all help develop and strengthen our children’s thinking abilities. We are more likely to ask children questions at the Remembering level which is the lowest level of thinking. This includes questions like: who, what, where, when and why. These types of questions only require children to use memorization in order to respond.

Bloom’s Taxonomy is named after Benjamin Bloom, a psychologist who in 1956 developed the classification of questioning according to six levels of higher level thinking. Bloom’s Taxonomy was revised in 2001. Teachers are encouraged to use Bloom’s Taxonomy in preparing lesson objectives for their students.

When children are moved beyond Bloom’s lowest level, Remembering to the next level of Understanding, they are answering questions which ask them to organize previous information, such as: comparing, interpreting the meaning, or organizing the information. Therefore, children are basically just retelling information in their own words, which is not helping develop critical thinking skills.

We want to encourage our children to think for themselves and to avoid peer pressure and fad thinking. We want them to have the skills necessary to listen, analyze and interpret the information that will be a constant part of their lives. Memory and understanding are part of this process, but to succeed in further processing this flow of knowledge requires higher level techniques.

Here are some examples of how to use Bloom’s Taxonomy with children:

Most questions asked of children fall in either the Remembering or Understanding level. Parents are encouraged to move to a higher order in the taxonomy when questioning their child, which are Bloom’s next four levels. These include:

Applying: Ask your child how they would solve a given real-life problem. Ask why they think something is significant. Ask your child to continue a story or predict what would happen in a given situation. Encourage your child to make a diorama or model of what they learned on a given topic.

Analyzing: Ask your child to identify motives or causes from real-life stories. Encourage them to conduct an interview or survey. Have your child make a flow chart, family tree or role play a real-life situation.

Evaluating: Ask your child to form and defend an opinion on a subject. Kids, especially teens are pretty good at this one. Example: encourage your child to write a letter to an editor or evaluate a character’s actions in a story.

Creating/Designing: Ask your child to put together several bits of old information to form a new idea. Such as, ask them to create, design or invent a new item, proposal or plan. This requires a bit of creativity and the ability to think in the abstract.

**Note:** The table and diagram are designed to visually represent the Thinking Skills Framework, breaking down the process into different levels and corresponding verbs, starters, and tools. Each level represents a higher order of thinking skills, with foundational skills leading to more complex cognitive processes. The example applies these concepts to a range of intelligences and cooperative tools, emphasizing a personalized and interactive approach to learning.

**Auskick Program**

The rostered helpers for the next Auskick session to be held on Wednesday, 17th of August are:

There will be an Auskick game at half time of the Senior match this week. This will be the last game for the year as it is our last home game for this season. Any child wishing to take part can meet at the change rooms at quarter time of the Senior match.
Habits of Mind

What makes a good coach?

With some AFL Coaching positions up for grabs it is an ideal time to reflect on the qualities that make a good coach.

Have a look at the coaching identities below.
All have achieved their sports ultimate goal.
Can you link them to the sport they coach (or coached)?
What skills characteristics do they have that make them such successful coaches?

What Habits of mind do they use to get the best out of their players?

What about your favourite coach?
What would you be like as a coach?
